The technical program proposed herein can be completed within twelve (12) months from a contract award date. The CPFF cost proposal enclosed herewith is firm for a period of ninety days; quoted rates are based on historical data and current projections.

Unless otherwise requested by the procuring agency, the enclosed cost estimate is predicated on the following reporting requirements:

1. Informal monthly progress letter reports submitted, in original and two (2) copies, within ten (10) days from the end of the reporting period.

2. Final technical report in draft form submitted, in original and two (2) copies, within thirty (30) days from the completion of the technical phase.

Standard terms and conditions for CPFF research and development contracts are acceptable; however, we request that consideration be given to a Patent "License" Clause. Technical data will be furnished with unlimited rights.

Please contact the undersigned for further discussion. We will be pleased to furnish any additional information you may require.

Sincerely yours,
